

ITALIAN TRADE AGENCY

ICE - Italian Trade Commission

Trade Promotion Office of the Italian Embassy

N.	Name of company	Sector
1	<b>Carlieuclima srl</b>	HVAC Sector
2	<b>Condor Spa</b>	Scaffolding Formwork and Engineering Solutions
3	<b>EURODROP S.R.L.</b>	Roofing & Waterproofing
4	<b>Frangerini Impresa Srlu</b>	Buildings, retrofitting, renewable energy, restoration, renovation, waterproofing, consolidation, asbestos remediation and remediation of industrial site; for public building, hospital, hotel, school, industrial site, historical buildings + Energy efficiency

5	<b>IGP costruzioni s.r.l</b>	Building + Energy efficiency
6	<b>ISEA srl</b>	Industrial and commercial doors manufacturing
7	<b>ISEAITALY SRL</b>	Roll up doors and gates
8	<b>MD srl ( md tecnologia e impianti srl)</b>	HVAC Sector + Renewable energy
9	<b>SAET SpA</b>	Energy Storage System and Renewable Energy
10	<b>Sogega Srl</b>	Vinyl flooring, wall covering, runners and profiles
11	<b>Soilmec spa</b>	Foundations, underground engineering, civil constructions
12	<b>Techfem SpA</b>	Engineering, Site Works Management and Supervision, Pre-commissioning

## **WORKSHOP AND B2B MEETING**

**AMMAN, 6th December 2016**

**at Grand Millennium Hotel**

### **Construction, HVAC and social housing (Including ene**

<b>Activity</b>	<b>Partnership</b>
Design, production and sale of radiant systems for heating and cooling of small and / or large areas, both for private and public sector	We would like to export our products in this country, where we are not present, therefore we are interested in meeting: design and architecture studios, construction companies, experts in our sector and installers (importer - authorized)
For more than thirty years, CONDOR has represented Italian excellence in the design, production and sale of scaffolding, formworks for walls and slabs, trench lining for safety in excavation works, as well as structures for entertainment events, such as stages, grandstands and covered areas.	Agreement for distribution and sale of scaffoldings and formworks.
Technologies of sealing soils , like landfills , reservoirs , dams , constructed wetlands , ponds and industrial and civil , hanging gardens , and block of aquifers , and everything to do with the humidity to go up , as well as structural joints and ventilated facades , and the ' integrated photovoltaic waterproofing .	Cooperation agreements for the construction of major projects such as the remediation of the landfills, the construction of reservoirs for drinking water and not, artificial lakes, roof waterproofing.
Design and realization; know-how transfer	General building company they needs a partner like us: strong experience, professionalism and know-know in activities highly specialized. Design studies

<p>new construction, renovation, social housing, interior/exterior design, energy efficiency.</p>	<p>we are looking for a private and public institution interested to build new construction, social housing, renovation buildings.</p>
<p>Industrial and commercial doors manufacturing</p>	<p>Commercial cooperation for our systems to close industrial and commercial building</p>
<p>Roll up doors and special kind of industrial doors, and different solutions where you can find it only in Italy related to commercial and industrial roll up doors.</p>	<p>Agent, distributor</p>
<p>Heating and cooling systems</p>	<p>Operators in Hotel, residential and commercial center sector</p>
<p>SAET's Operations are divided into these main areas: Energy, Process and Handling. SAET develops Systems and Turn-Key supplies based on the following core competencies: ELECTRICAL SYSTEMS, HV Substations, MV-LV Distribution Systems, Protection Metering &amp; Control Systems, HANDLING &amp; WEIGHING SYSTEMS, Weighing &amp; Dosing systems, internal Handling systems, INDUSTRIAL AUTOMATION SYSTEMS, PLC &amp; DCS control systems, SCADA systems</p>	<p>A local construction company (for electrical assembly and minor civil works) with experience in wind / solar farms (and with local qualification) that can compete with SAET in a tender for turnkey wind / solar farms.</p>
<p>Italian manufacturer of vinyl flooring, wall covering, runners and profiles suitable for Healthcare, Commercial, Offices and Industry, since 1969.</p>	<p>Distributors of flooring, design agencies, Contract hospital sector, Construction companies</p>
<p>SOILMEC was established in 1969 and it is a worldwide leader in the production and sales of equipment and rigs for drilling and foundation works. It counts on a wide range of products for any requirements of works like bridges, dams, ports, motorways, metro and railways.</p>	<p>we would like to meet companies willing to buy our machines or companies that are interested in becoming our dealers</p>
<p>Feasibility and conceptual studies, Basic and Detail design of fluid handling systems (including multiphase complex fluids, oil, water and gas) and treatment plants and provision of related engineering services, including HSE/loss prevention services and project management. Management and supervision on behalf of Client of construction works at site. Pre-commissioning and commissioning activities.</p>	<p>Joint Venture with local partners - Commercial Agents</p>

**Energy efficiency )**

<b>Know how</b>	<b>Website</b>
<p>Heating and cooling radiant systems, suitable both for large areas and small rooms (hospitals, schools, airports, hotels, houses, villas, shopping malls etc). Invisible panels that guarantees the indoor comfort. In addition, for the farm sector, we propose a specific line of radiant heating.</p>	<p><a href="http://www.carlieuklima.com">www.carlieuklima.com</a></p>
<p>Engineering solution, designing and sale of building materials (scaffolding and formwork) for residential, infrastructural and industrial buildings.</p>	<p><a href="http://www.condorteam.com">www.condorteam.com</a></p>
<p>Wide range of waterproofing systems</p>	<p><a href="http://www.eurodrop.eu">www.eurodrop.eu</a></p>
<p>Innovative technologies in the field of retrofitting, innovative technologies and non-invasive for restructuring, consolidation and restoration, waterproofing, humidity, photovoltaic, reclamation sites and asbestos, non -invadive diagnostic test</p>	<p><a href="http://www.frangerini.it">www.frangerini.it</a></p>

We use advanced technology that guarantee comfort, like cork coverings and thermal-break windows.	<a href="http://www.impallomenicostruzioni.com">www.impallomenicostruzioni.com</a>
Special patented systems	<a href="http://www.iseaitaly.com">www.iseaitaly.com</a>
New solution for the meaning of rolling shutter doors, we called it profilpack, and many other solutions and case studies related to roll up doors.	<a href="http://www.iseaitaly.com">www.iseaitaly.com</a>
Innovative technologies in the field of HVAC	<a href="http://www.impiantitecnicomicmd.it">www.impiantitecnicomicmd.it</a>
HV Substations - Energy Storage Systems	<a href="http://www.saetpd.it">www.saetpd.it</a>
Vinyl floors coextruded	<a href="http://www.sogega.com">www.sogega.com</a>
Drilling machines for foundations, in the civil engineering and industrial engineering	<a href="http://www.soilmec.com">www.soilmec.com</a>
Sealine pre-commissioning - Offshore Systems design	<a href="http://www.techfem.it">www.techfem.it</a>
